BIG DAYS FOR OCALA.

Jacksonville and Tampa to Play Ball in Ocala—Sept. 3, 4 and 5—Are the Days Named.

Mr. S. A. Standley received a letter from Mr. George B. Groves, manager of the Tampa baseball team in which he makes the pleasant announcement that the Jacksonville and Tampa Baseball teams will play match games in Ocala September 3rd, 4th and 5th.

These are the best two teams in Florida and have selected Ocala not only because it is midway between the two cities, but because also for its splendid diamond.

People from town and county who want to witness real good games of ball and catch an idea of what real ball playing is must make it a point to see these games on Sept. 3rd, 4th, and 5th.

Everybody come.

Card of Thanks.

Words are inadequate to express to my lady patients and friends the pleasure I feel for their confidence, esteem and generous remembrance in presenting me with a horse and buggy as a testimonial as published in the Ocala Banner of last Sunday. Such a reminder shall only make me the more zealous to be faithful in the discharge of my professional duties, and to administer to the afflicted with all the skill and knowledge I possess.

Thankfully,
D. M. SMITH, M. D.

The Editor's Vacation.

We observe that our judicial officers, after two or three months of labor, are seized with brain fog and hie away to mountain and seashore for rest and recreation.

Our eminent preachers, too, are forced to take annual and semi-annual outings.

Our lawyers, bankers, merchants, insurance agents and etcetera, are compelled to spend a part of the year with rod, and reel, and gun.

But the editor's work, like the purring brook, must run on forever.

Take the writer of these lines as an example.

He hasn't fished nor hunted in thirty years and is a stranger to mountain air and ocean breezes.

Summer and winter he spends in Florida and the hour of midnight nor the hour of six in the morning rarely finds him abed.

And he feels no evil effects from it, and advancing years finds him at least physically more robust.

Isn't this hieing away to mountain and seashore more of a bad than a necessity?
